

12 December 2023

Dear families,

We would like to make it possible for parents and carers attending performances in school to be able to film a performance involving their child for their own personal use. This would be with the explicit understanding and agreement of all those filming that any recordings will not be uploaded to social media or accessible on the internet in any way.

It is important that we continue to safeguard all of our students and it is still the case that some families have not given express permission to have images of their child on social media platforms or the internet in general. This is something that we will still honour with your support and expressed agreement.

The ability to film and keep memories such as nativities and leaver's assemblies, are important milestones in our student's educational journeys. We hope that if everyone adheres to keeping any recordings as personal keepsakes then we can collect these memories safely and sensitively to protect and celebrate the whole school community.

Yours sincerely,

M Lynch

Milly Lynch
