

14 October 2022

Dear families,

My Child at School (MCAS) App

To make life easier for parents, we have decided to launch the MCAS (My Child at School) app at Dixons Marchbank Primary.

The app, which can also be viewed as a website, will allow us to bring together the many elements of daily interaction into one place. Once you have downloaded and signed into the app, some of the things you will be able to access will include:

- View the Academy calendar
- Check and amend the contact data we hold for you
- Message the Academy
- View Achievement and Behaviour events
- Receive Academy communications including your child's report
- Book Parents evening appointments

If we already hold your email address, you will receive an invitation link next week to download and sign up. We would urge you do this as soon as the link arrives so we can confirm all information held is correct and resolve any issues with sign up.

On the Dixons Marchbank website, on the Letters to Parents page, there is a guide of how to download and access the app. Also, please see below the links to access MCAS:

Android: https://play.google.com/store/apps/details?id=com.bromcom.mcas&hl=en_GB&gl=US

Apple: <https://apps.apple.com/gb/app/mychildatschool/id1394575255>

Website: <https://www.mychildatschool.com/MCAS/MCSParentLogin> (from next week, MCAS can also be accessed on the school website in the top right corner of the homepage).

If you are having any problems with accessing the app, please call the main reception on 01274 089920 or email us on info@dixonsmb.com

Yours sincerely

Helen Haunch
Principal
