Dear Families,

Nursery Bradford Moor Park Visit

Nursery children have an exciting opportunity to take part in a walk to Bradford Moor Park as part of their learning about nature and the environment.

During the visit, the children will use all their senses to explore the natural world around them and take part in hands-on exploration of natural materials. They will investigate collections of materials, noticing similarities and differences in their properties.

The visit will provide opportunities for the children to develop their speaking and language skills by talking about what they can see, hear, touch and smell, using a wide range of vocabulary. It will also help them begin to understand the importance of respecting and caring for the natural environment and all living things.

The details of the visit are as follows:
