

Nursery News

Welcome back!

We hope you have had a lovely two week break.

This term our topic is Minibeasts

In English we will be focusing on the story 'The Hungry Caterpillar'. We will be sequencing the story and using story maps to support children to retell the story.

We will also continue encouraging children to write their name and further strengthen their pencil grip.

In Maths we will be exploring shape, pattern and symmetry. The children will be using 2D shapes to create their very own symmetrical butterfly wings.

We will also be using our topic book to help us count out specific groups of fruits that are included within the story.

Songs that we will be learning in Nursery this half term:

Wiggly Woo

There's a Tiny Caterpillar

Incy Wincy Spider

5 Little Butterflies

Ladybird, Ladybird

Big Bugs, Small bugs

Parents Workshop

We will be having a Parents Workshop on Thursday 1st May

Morning 10:00-11:00am

Afternoon 2:00-3:00pm

You are invited to join in the fun-filled activities with your child and learn how Maths is taught through play. Please attend and get involved in what your child is learning & how to develop this further at home.

Library Day (every Thursday)

Don't forget to bring your child's library book every Thursday to change your child's book and read with your child. Come and make your reading session alive!

CURRICULUM ENRICHMENT

To put children's learning & their understanding into context, we will be ordering live caterpillars! We will be watching them change from caterpillars to chrysalis and then watch how they transform to beautiful butterflies. This will help children understand life cycles through hands on learning. Through watching butterflies grow & change encourages children to ask why things

happen. Through this interaction with nature, helps children develop an appreciation for the natural world.

Star of the week!

We want to celebrate your child's achievements both in and out of Nursery. If your child has done anything special at home. Please log on to tapestry and upload a picture along with some notes of what it is your child has done. This will support us to boost your child's self-esteem and self-confidence.

Mrs Afzal, Mrs Samplay, Miss Naz & Miss Shehzadi

Please use tapestry to view your child's learning profile and to upload all the fun activities you do with your child at home to support their learning.

Thank you for your support
