

17 November 2023

Dear families,

As you are aware, we had Ofsted in our school over the last two days. We cannot thank you enough for your support. Feedback from parents was amazing with Ofsted being told our school was 'an oasis' and 'peaceful'. The excellent behaviour of our students, the education we provide for all our children and our work with the wider community was also recognised.

At the moment we are unable to share the final outcome until the report arrives, but we were delighted with the feedback received. Our children were truly amazing – they spoke to inspectors with extreme maturity, amazing vocabulary and such politeness – we are super proud of them!

We are having a fun filled day today supporting Children In Need. This is a UK based charity who fundraise for children in the UK only. Some of our children have expressed a desire to support children in need in areas of conflict, especially in Gaza. We have supported worldwide charities previously in war torn areas and we are happy to do so again. After the weekend we will look at how we can support the causes that are close to our children's and families hearts. I will send further information next week.

I wish you all a peaceful and relaxing weekend.

Yours sincerely,

*H. Haunch*
