

10 September 2024

Dear Families,

Parent Meeting Monday 23rd September 8.25am

I am excited to invite you to a parent meeting to discuss how we use Reading Plus in school to help children to learn to read. Your child is either new to Reading Plus or may have used it for only a short time and it is essential they are able to log in and get the best from this exciting tool. Reading Plus is an online learning platform which supports children with reading fluency and comprehension with hundreds of texts to choose from.

I look forward to meeting you **23rd September** where we can discuss how best to support your child with their learning to enable them to become articulate and resilient individuals with aspirations to succeed. We will show you the benefits and how to log in or monitor your child's progress. Refreshments will be provided.

If you are unable to attend this day, please contact the office to arrange an alternative.

Yours sincerely,

Miss Stephenson

English Lead and Assistant Principal

Our values

Commitment - always working to the best of our ability for the benefit of ourselves and our community.

Enjoyment - being engaged, positive and purposeful in our learning.

Teamwork - being responsible for myself and working together to help everyone achieve.
