

06 January 2026

Dear families,

Reception Maths Workshop

We would like to invite you to a maths workshop to help you and your family get to grips with what maths looks like in our school. We also hope to provide support and advice on how families can help their children to consolidate their understanding of real-life maths at home, as well as in school.

It is important that you are present so that we can work together to support your child's progress in maths. The details of the workshop are as follows:

Venue	Dixons Marchbank Primary, School Hall
Date	Tuesday 13 January
Time	2.00 pm

We look forward to seeing you and thank you for your continued support.

Yours sincerely,

Miss Bassitt, Mrs Rasib and Mrs Ahmed.
