

## English

### Reading

We will be focusing our activities each week around two different inventors. Henry Ford and The Wright Brothers.

We will be focusing on the new vocabulary and discussing the words. We will be using our ICT skills to research facts about cars and aeroplanes throughout the years.

### Writing

In literacy we will be planning and writing instructions for our inventions.

### Creative

Children will be exploring a range of materials to create their own inventions.

### Construction

Children will use the new tools in our 'wood workshop' to create their own inventions.

## Maths

In maths we will learning number patterns to 20. We will be using this knowledge to estimate, add and subtract numbers.

We will be also recap our knowledge on 3D shapes and patterns.

## Phonics

Daily phonics lessons will continue and the children will be taught a specific sounds per day and are beginning to blend to read words.

Children will be encouraged to write words to form sentences.

## Provision

Our role-play area will become an inventors workshop where we will be creating our next generation inventions.

In the sand and water area they will be carrying out scientific experiments.

In understanding the world children will be learning about past and present. We will learn about cars and aeroplanes from the past.

## REMINDERS

Have you been on Tapestry? This is a really useful app. You can see what your children have been learning.

Please could you encourage your child to independently zip up their coats and dress and undress with ease. This is a crucial part of their learning.
