

TERM: Autumn 2: YEAR 1

THEME: Celebrations

Science

Animals

We will be learning about all the different kinds of animals there are, including humans. We will be classifying these animals and learning about what they eat.

ICT

Digital literacy

We will continue with our Purple Mash programme and move onto Pictograms.

Maths

We will be securing and extending the following skills:
Addition and subtraction to 10.
Geometry including shape.
Consolidating number bonds to 5
Number bonds to 10

Celebrations

Art/Design Technology

Children will be studying the work of Wassily Kandinsky and Sonia Delaunay focusing on learning about warm and cold colours, primary and secondary colours and colour mixing.

Geography

We will learn about the Seasonal changes. What happens when the weather changes? What changes do we see?

Personal, Health, Social, Citizenship Education

Celebrating differences.

Religious Education -

How we celebrate special events.

CURRICULUM ENRICHMENT

Nativity
Christmas dinner
Christmas party

Music

We will be using Charanga to learn a variety of songs and learn about what a rhythm and pulse are.

P.E

Gymnastics

English

We will be learning to write instructions on how to make a few different things e.g. jam sandwich, lemon drink and a Christmas card.

We will use first, then, next and finally.

We will continue to follow the RWI program extending on our learning from last half term.

We will be learning to use a capital letter and a full stop properly and how to form letters correctly.

Homework:

Friday- Homework set online.

Wednesday- PE.

P.E.

Please make sure your child comes dressed in their PE kit on this day with suitable footwear or trainers.

Tips for you to do at home:

- ❖ Read with your child, talking about the story and characters. What will happen next? What was the problem? How was it solved?
- ❖ Check purple mash for your Math's homework.
- ❖ Practise spellings for a spelling test on Tuesday and children will get new spellings after the test.
- ❖ You can you help, by counting forwards and backwards to at least 20.
 - ❖ Practise number bonds to 5 e.g $1+4=5$, $3+2=5$
 - ❖ Practise number bonds to 10e.g $9+1=10$, $3+7=10$
