

Human and Physical Geography

KS1

Subject Specific Vocabulary

Aerial	A view from above.
City	A large town. London is a city.
Cliff	A high area of land with a very steep side, especially one next to the sea.
Country	An area of land that is controlled by its own government.
Human features	Features of land that have been impacted by human activity.
Island	A piece of land that is completely surrounded by water.
Physical features	Natural features of land.
Sea	A large area of salty water that is part of an ocean.
Season	The main times of year which can be divided and which have their own typical weather.
Town	A large group of houses, shops and buildings where people live and work. Towns are larger than villages but smaller than cities.
United Kingdom	The UK, is officially known as the United Kingdom of Great Britain and Northern Ireland. It includes England, Scotland, Wales and Northern Ireland.
village	A small group of houses, perhaps with a few shops, that are often in the countryside.
Weather	What the sky and air outside are like, such as cold or sunny.

Geographical Skills and Fieldwork

- Use maps to locate towns and cities.
- Use aerial view photographs to locate features of areas within the U.K. Explain how these areas can be located using aerial view maps.
- Label the seas and countries of the United Kingdom using maps and locate Stoke-on-Trent
- Visit the local area and make observations (complete fieldwork).
- Identify human and physical features of Stoke-on-Trent and other places in Europe. Explain why some of these features can be found e.g. bottle kilns and coal mines.
