

English

Your child will continue to learn their phonic sounds through their Phonics lesson.

Our sentence work will include working on conjunctions such as and, and because, using question marks and exclamation marks as punctuation and suffix such as ing, ed and est.

We will do this through poetry about Eid, so please talk your child through what happens at Eid.

Science

Plants – Children will learn all about plants. What they need in order to grow. They will learn about wild and garden plants, their names and what they look like. They will also learn about plants that we eat.

Music

Children will learn rhythm, tune and a variety of music using musical instruments.

Art Children will study Vann Gough and recreate some of his work. They will learn the following skills: Learn about warm and cold colours. Learn how to use oil pastels and acrylic paint techniques. Learn the difference between landscape, portrait and still life. Learn how artwork can make us feel different emotions. Learn how to compare art work with another artist using the theme of 'Summer'

Geography

The countries in the UK and their physical features.

The children will be taking a local area walk to learn about the local physical geography around where they live and the school environment. They will also learn what the local area looked like a long time ago compared with how it looks now and how it has changed.

Computing (computers and iPads)

Purple mash programme.

1:5 Lego builders

1.6 Maze explorers

Year 1

Summer Term 1

P.E

We will be learning ball and racket skills.

PSHCE

Relationships.

Important Information

Children are encouraged to read at home every day and planners must be signed by parents/older siblings.

- Reading books are changed weekly.
- All homework is set on a Wednesday and is due back on a Tuesday. This includes maths, literacy, reading, spellings, times tables and Purple Mash.
- Children will need to wear their P.E kit to school on a Thursday for their P.E lesson.

Maths

Children will be learning to use and recognise multiples of 2, 5 and 10. They will learn to make equal groups, add equal groups, make arrays and make doubles. They will also look at division through sharing.

R.E.

Children will be looking at similarities and differences about religions they have already learnt. Identify special books and know some key teachings of Islam, Christianity.
